## PRODUCT SPECIFICATIONS

Rustic Patina Pine tops not only have the look but they have reclaimed wood texture, too! We start with original patina rough-sawn pine boards then sand them in just the right way to leave them smooth enough to run your hand over.

Texture: Light to heavy texture in some areas with a smooth surface on the rest of the table top surface.

Rustic Patina tops are hand-sanded to leave rustic texture and finished with a durable and easy to maintain Catalyzed Urethane in a matte sheen.
